Oaklawn's New Simple Wagering System

The new wagering system at Oaklawn is simple and convenient: Now **all windows** will be used for selling as well as cashing tickets. And the new system will handle up to four separate wagers on one ticket.

All you have to do is step up to ANY WINDOW and follow these simple steps.

1. State the AMOUNT of the wager. You may bet any sum from $2 to $250.

2. State the TYPE of wager. Win, Place, Show or Daily Double.

3. State the NUMBER of the horse. Example: "$5 to WIN on NUMBER 7."

All windows will sell as well as cash tickets, regardless of the denomination or type of wager. You will no longer have to stand in line at different windows to place and cash different types of wagers. Win, Place, Show and Daily Double wagers in any amount, beginning at $2, will be available from the same machine. The same machine that issues tickets will scan winning mutuel tickets from previous races and compute payoffs instantly.

It is all very simple: you can wager ANY AMOUNT, ANY TYPE, at ANY WINDOW, then return to any window for cashing. When you present your winning ticket, the mutuel clerk will simply pass the ticket through a scanner, which computes the total payoff and registers the amount on a special viewer at the front of the mutuel machine.

You can make up to four wagers per ticket. Unlike the current system where one mutuel ticket is issued for each wager, the new system will, in most cases, accommodate up to four separate wagers on each ticket.

Daily Double wagers, however, must be recorded on a separate ticket from Win, Place and Show bets, but up to four Daily Double wagers can be made on one ticket. Another feature of the new system is that Daily Double "wheels" can be made on a single ticket.

Remember, you can wager at any window.

ARKANSAS RACING RULES

THESE ARE CONDENSED RULES. COMPLETE RULES ARE POSTED THROUGHOUT THE MUTUEL DEPARTMENT.

PARI-MUTUEL RULES

WHEN A HORSE IS EXCUSED—In the event that a horse shall be excused by the Stewards, while betting is in progress and before leaving the starting gate, tickets on such horse shall be redeemed at their cost value, such amount being subtracted from the pool.

When two or more horses are grouped in the Field, or an Entry and only one starts, no money is refunded on the non-starters.

If a horse, or horses, is prevented from racing because of failure of the stall door or the starting gate to open, a refund shall be made of the bets on the horse thus prevented from starting, unless he be part of an entry or the field has at least one actual starter.

In the event that a race should be reduced to four starters, or four interests, due to horses being excused after wagering has started on that race, then, at the option of the management, there shall be a refund of the SHOW pool, including the show portion of the $6.00 combination wagers. The WIN and PLACE portions of these wagers shall stand.

The decision of the Stewards shall govern and be final in any matter of refunds not specifically covered by the rules.

Any ruling of the Stewards with regard to the award of purse money which is made after the race has been declared "Official", shall have no bearing on the Mutuel payoff.

In the event of a disqualification the placing of the horses is discretionary with the Stewards.

Posting Of Prices Does Not Signify Race Is Official.

In the event of mechanical, or electrical trouble when a Photo Finish is called for, the Judges' decision will be final.

All calculations and prices paid are audited and certified correct by the State of Arkansas Department of Revenue.

DAILY DOUBLE RULES

A.—If for any reason the second half of a Daily Double is cancelled and declared off, all monies wagered on the Daily Double shall be placed in a special Daily Double pool. This money shall be considered as a win pool and shall be distributed to holders of tickets on the winner of the first half of the Daily Double.

B.—There shall be a refund of Daily Double wagers in the event of a horse being scratched before the first race of the Double. This refund to apply only to wagers on the scratched horse.

C.—In the event a horse is scratched or excused in the second half of the Daily Double, after the first half is official, all tickets combining the scratched horse shall be paid a price per dollar denomination calculated as follows: The net Daily Double pool (gross pool less commission) shall be divided by the purchase price of all tickets combining the winner of the firsthalf and the quotient thus obtained shall be the price to be paid to holders of tickets combining the winner of the first half and the scratched or excused horse in the second half. The entire consolation pool (number of eligible tickets times the consolation), shall be deducted from the Daily Double pool.

D.—Tickets which combine the scratched horse with a losing horse in the first race are valueless.

E.—In the event of a DEAD HEAT in the first half of the Daily Double no prices will be posted until after the running of the second half of the Daily Double and the winning combinations are determined.

Entries are coupled in the Daily Double as in regular betting. This also applies to Field betting; there shall be no refund on the Field unless all horses are scratched.

In the event of a refund being necessitated, due to a horse being locked in the starting gate in the first or second half of the Double, such horse will be considered in the same manner as that of an excused horse, and the Mutuel payoff will be governed by Rules B and C.

All tickets on the Daily Double will be calculated in an entirely SEPARATE POOL.

All DAILY DOUBLE tickets will be to win (straight) only.

Retain your tickets until the RESULTS of the Daily Double have been posted.

ATTENTION PATRONS

I.R.S. requires all pari-mutuel operators to report all winnings of $600 or more, if such winnings are at least 300 times the amount of the single wager. Federal income tax of 20% (30% for non-citizens of USA) must be withheld if the payoff is more than $1000 if at least 300 times the amount of the winning wager after subtracting the amount of the winning wager. Additionally, I.R.S. section 3402/G now requires pari-mutuel operators to combine separate identical wagers from a winning patron, if such winnings are at least 300 times the amount of the wagers, and withhold 20% if this aggregate amount exceeds $1,000. Before payment the racetrack will require patron to supply information concerning any identical wagers to determine whether such payment is subject to withholding. Copies of the new I.R.S. regulation are available at the Grandstand Information Window.

THE HIGHEST RACING STANDARDS

In 1942 Oaklawn and several other race tracks organized the Thoroughbred Racing Associations, known as the TRA. All TRA member tracks operate under a self-imposed Code of Standards and maintain the Thoroughbred Racing Protective Bureau (TRPB), a national investigative organization established in 1945.

Our membership in TRA and involvement in TRPB are our guarantees to our patrons that Oaklawn Jockey Club lives up to the highest standards of racing in America.

You Should Know That Oaklawn...

—Paid $1,297,551 to the City of Hot Springs in breakage in 1983—and since 1935 has paid to the city over $8.4 million.

—Paid $79,084 to Garland County upon cancellation of unredeemed mutuel tickets in 1983—and since 1965 the county has received more than $600,000 in unredeemed mutuel tickets.

—Produced over $10.1 million in special taxes on racing for the State of Arkansas in 1983—and since 1935 Oaklawn has produced over $110 million in similar taxes. Since 1970, Oaklawn has paid over $90 million in special taxes to the State.

—Paid $8,452,000 in 1983 in purses to horse owners—and since 1935 Oaklawn has paid in purses to horse owners a total of more than $89 million.

—Has produced since 1968 for Arkansas breeders and owners $2,832,813 in breeders' awards and owners' supplementary purses.

—Is the largest racing center in the United States located outside of New York and California, based on average daily statistics.
